Dear Friend,

I hope this email finds you doing well.

This communication is to let you know that Turning Points for Children will be relocating to a new office effective Monday, October 16, 2023. This is an important milestone in the evolution of business, post pandemic, and program transitions.

After much deliberation, we decided to sell our building at 415 S. 15th Street Philadelphia, PA. 19146 and move to a new office space located at 4601 Market Street Philadelphia, PA.19139 (the former Provident Mutual Insurance building) which will provide our programs with an open-plan workspace, dependable Wi-Fi, new amenities, and meeting space. The new office is located close to public transportation and will have ample parking for staff, visitors, and will provide better access for our clients and the families that we serve.

We believe that this new office will allow us to maintain a strong workplace culture, align us with other PHMC programs, and will be more conducive to the hybrid work schedules that many of us have adopted in recent times. The space was carefully designed with the community, public health, staff, and clients in mind, and we'll join our friends at CHOP and the KIPP School that are already located there. The new building fosters a collective ability to carry out the mission of our work through an integrated approach to delivering services; transforming the way we offer whole person care.

We're looking forward to settling into this new space and strengthening our bonds with the community. Beginning immediately, please forward all correspondence, donations, and letters to:

Turning Points for Children

4601 Market Street,
Philadelphia, Pa. 19139

Please reach out to Eartha Holland at 267-315-7584 with any questions you may have and thank you for your continued support of stronger families and brighter futures.
