STRONGER FAMILIES, BRIGHTER FUTURES

Planting Seeds of Hope

This week is National Volunteer Appreciation Week and we are celebrating our dedicated corporate and community volunteers who go above and beyond in helping families with essential resources.

In 2023, we received support from over 300 volunteers, and Turning Points volunteers don't just provide support, **they plant seeds of hope for our families.** At our food pantry FAWN, we have a dedicated team of volunteers, some of whom have benefitted from the pantry themselves.

Krystina and Stephanie met waiting in line at a food pantry during 2020. As their friendship grew, Stephanie introduced Krystina to FAWN's pantry at Tilden Middle School. After years of visiting FAWN and being warmly embraced by staff, they wanted to become involved and make a difference in their community by volunteering.

Krystina shared this about her experience: **“I love the connections you get to make with people...There is a woman who is blind who comes every week. I help her shop around the pantry and carry her bags. After she’s done we walk to the trolley station together. It’s nice to be able to give back.”**

Krystina and Stephanie are just two of our volunteers who are planting seeds of hope for a brighter future in our neighborhoods.

Shout-out to our corporate volunteers!

We are grateful to have passionate and dedicated corporate volunteers who organize numerous projects throughout the year to uplift our families. Whether by making children’s holidays brighter by organizing gift collections, making personalized kits for neighbors visiting our food pantries, or by fundraising and spreading the word, you help us do more good in our neighborhoods!

Thank you to our amazing corporate teams who truly are turning points in the lives of those we serve!
