STRONGER FAMILIES, BRIGHTER FUTURES

Happy Social Work Month!

March is Social Work Month, a time to celebrate the great profession of social work! The theme for Social Work Month 2025 is **Social Work: Compassion + Action**.

Social workers care about people. They go through years of education and training so they can help individuals, families, communities, and society, reach their full potential. They are called upon to turn their compassion into action. Something our Turning Points staff does every day.

SOCIAL WORK
COMPASSION
+ ACTION

Recently, members from our Older Youth & Kinship staff participated in a webinar for Family Focused Treatment Association, attended by more than 200 people,

which showcased success stories & how creative strategies are transforming programs, like our Older Youth Innovation Lab. The discussion emphasized the growing need for advocacy and policy to support these efforts and included two powerful testimonies from former participants of our LifeSet Program, who have gainful employment and stabilized housing as a result of our programs and services.

**Thank you to all of our Social Workers, your
Compassion + Action = Brighter Futures!**

In celebration of Social Work month, we celebrated our staff each week with some quick and fun activities! These short events created opportunities for our staff to connect to each other and reinvigorate themselves in a variety of ways.

Our staff reminded each other of the importance of cultivating joy and community within the life changing work they do day in and day out. From “Dress like David Fair Day” (our executive director, pictured above) to Family Feud, to karaoke, to Canvas and Candy, we enjoyed celebrating our agents of change!
