

July 13th, 2022,

To whom it may concern,

We are reaching out to you to inform you that Turning Points for Children must discontinue our TD card program that has been used for your monthly foster care stipend payments. We sent initial communication out on 6/11/22, this is a follow-up communication.

As of July 1, 2022, TPFC will no longer enroll new card holders into the TD card program. You should have been contacted by your TPFC support staff on next steps to transition you from the card program to your own personal account.

During your upcoming home visit with your Turning Points representative, you will be provided with a direct deposit form requesting your personal bank account information for your approval. If bank information is not provided, your payment will default to a check if we don't receive your updated information by **August 31, 2022**.

Effective **Thursday September 15, 2022**, your monthly stipend payment will be available in your personal account if information is received by August 31st. If not, a manual check will be mailed on the 15th of the month to the address we have on file.

Please note we are not responsible for your check once it is mailed out. Any check not received will not be reissued until 10 days after the mail date. Prior to that point, TPFC cannot reclaim the check.

- It is strongly encouraged and recommended that when cashing checks that you go to your nearest TD bank or local bank/ credit union.
- When using a check cashing institution, you will incur significant fees and delay in payment.

As we work to close out the TD card program, all funds in your TD account should be exhausted or withdrawn and moved to a personal account by **October 31st, 2022**, as the TD card program will be fully deactivated.

If you have any questions or need further guidance in the process, please reach out to **Ron Hall** at **267-541-8452**.

Thank you,

Your Turning Points Fiscal Support Team
